FEDANSA Athletes,

It has just come to my attention that the calculation of Log Ladder points as audited at the South African Championship was unfortunately incorrect.

This has resulted in many of our athletes being misinformed about who will be representing South Africa at the various World Championships in 2010. It also affected many of our athletes planning and preparations for the coming year.

I as your President wish to extend my sincere apology to those effected athletes. I want to ensure all our athletes that the Log Ladder points will be re-audited and the correct results be posted on our website.

It must be ensured that the deserving athletes through the proper auditing of the points be given the right to represent this country.

Hoping you will understand our situation and pardon us on this error.

Yours in dancing

BERNARD JOHNSON.
(FEDANSA National President)
